1. This application is in condition for allowance except for the presence of claims 12-15 to an invention non-elected without traverse. Accordingly, claims 12-15 have been cancelled.
2. The following is an examiner's statement of reasons for allowance: In the Examiner's opinion it would not have been obvious to one of ordinary skill in the art at the time the invention was made to modify the prior art of record to include applying a vacuum to the sample and liquid with the vacuum source; after the agitation and vacuum steps, adding liquid to the container sufficient to again reach the calibration mark on the container; again weighing the sample and liquid; and subtracting the initial weight of the sample and liquid from the final weight of the sample and liquid in order to determine the liquid absorption of the aggregate in combination with the remaining limitations of the claim.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
